County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works

Ryan Chapman, Traffic Engineer

VIA: Frank Honeycutt, Transportation Division Manager

DATE: 11/6/2012

SUBJECT: Submittal of a resolution amending the Traffic Regulation Code to establish angled parking on Mallagh Street, Nipomo and K Street, San Miguel. Districts 1 and 4.

RECOMMENDATION

It is our recommendation that your Honorable Board adopt the attached resolution amending the County's Traffic Regulation Code pertaining to angled parking.

DISCUSSION

Mallagh Street, Nipomo

The north end of Mallagh Street has been used for parking by people accessing the sports fields at Nipomo High School. The parking has been disruptive to adjoining residences. In order to organize the on-going parking, Public Works has recently completed shoulder improvements that allow for vehicles to park perpendicular to the roadway. This action increases the number of vehicles that can park along the roadway. This change in the parking requires that an ordinance be added to the Traffic Regulation Code (TRC) to allow for angled parking.

K Street, San Miguel

The parking adjacent to K Street south of 10th Street serves as an existing park-and-ride lot. This lot has been successful and is full on most weekdays. Public Works has recently constructed improvements that have extended the angled parking, adding additional park-and-ride spaces. In order to allow these spaces to be used as angled parking, the Traffic Regulation Code must be amended.

Adoption of the attached resolution will establish these parking conditions in the TRC. No public hearing is required.

OTHER AGENCY INVOLVEMENT/IMPACT

The California Highway Patrol and the Sheriff's Department enforce the Vehicle Code on County roads. The South County Advisory Council Traffic and Circulation Committee have reviewed the changes. The San Miguel Advisory Committee is aware of these changes.

FINANCIAL CONSIDERATIONS

Posting signs will cost approximately \$1,000. This is within the Roads Fund budgeted amount for this activity.

RESULTS

Adoption of this resolution will enhance County road safety and operations by assuring traffic flow and increasing parking, thus improving community livability.
